History of Quality & Service

Londerville Steel & Concrete Supply is a family-owned and operated business located in Wausau, WI. We have proudly serviced central Wisconsin's steel and concrete supply needs for over 25 years.

We carry a large variety of steel products such as aluminum, stainless, structural steel, and chrome moly. As well as many other hard to find metals.

Our concrete supply division is also proud to provide all materials for your concrete and masonry construction needs. Londerville's extensive inventory of quality products and knowledge of the industry will help make all concrete and masonry projects go smoothly at a reasonable price.

Call 715-675-4800 or visit londervillesteel.com today to set up your next day delivery for all your steel or concrete supply needs.

Rebar—Steel Reinforcing Bar

USA Made Rebar—Available Sizes

- #3 (3/8" dia.) grade 40, 60, A706, & epoxy
- #4 (1/2" dia.) grade 40, 60, A706, & epoxy
- #5 (5/8" dia.) grade 40, 60, A706, & epoxy
- #6 (3/4" dia.) grade 40, 60, A706, & epoxy
- #7 (7/8" dia.) grade 60 & epoxy
- #8 (1" dia.) grade 60 & epoxy
- #9 (1-1/8" dia.) grade 60
- #10 (1-1/4" dia.) grade 60
- #11 (1-3/8" dia.) grade 60

Rebar—Steel Reinforcing Bar Fabrication

Resources

- Fulltime in-house detailing and estimating personnel to provide shop drawing to customers for approval before fabrication begins.
- Reduces onsite down time due to fabrication rework.
- Components Packaged and tagged with detailed component tags along with color coordinating which allows for improved onsite placement efficiency.
- Onsite support as required to assist with rebar component placement
- In house delivery along with a network of contracted delivery services allow us to meet our customers delivery expectations with prompt deliveries.
- Over 600 ton of rebar inventory on hand.
- Support projects from single pieces to 2000 ton.
- Complete line of concrete products to support all aspects of concrete construction projects.

Equipment

- 30' Shearline capable of shearing rebar 30' in length and up to #8 bar.
- 40' Shearline capable of shearing rebar 40' in length and up to #14 bar.
- Large table bender capable of bending #14 bar.
- Small table bender capable of bending #8 bar.
- Radius bender which will form up to #11 bar.
- Round hoop bender which will bend up to #6 bar.
- KRB Multiform 1016M Automatic Stirrup Bender capable of forming a wide variety of rebar components up to #5 bar.

Rebar—Basalt Fiber Reinforcing Bar

GATORBAR™

Gatorbar Product Features

Parity—Its high tensile strength allows #3 GATORBAR to replace #4 Rebar

Labor Savings—Labor savings estimated at 1 man-hour per ton of steel replaced

Extended Structure Life—No rust high strength equals long life

Freight Savings—At less than 1/7 the weight of #4 Rebar, GATORBAR offers more shipping capabilities

Available Size
3/8 dia. x 20'

Sold by the bundle
25pc. Bundle

We now carry pre-made GatorBar corners!

Reinforcing – Wire Mesh & Decking

Flat Mesh Available Sizes

4x4x4.0/4.0—4ga. 8'x15' flat mesh

6x6x4.0/4.0—4ga. 8'x15' flat mesh
